We invite all PCW member school parents to PARENT SPEAK, an honest exchange about the challenges, joys, and rewards of parenting in the DC area. This facilitated discussion provides a safe forum for parents to share ideas, concerns, and tried-and-true tips for parenting at every age and stage of development.

Our conversation will be guided by Mary Cohen – an experienced moderator, former PCW Board Member, and mother of two independent school graduates.

Parent Speak is a great way to connect with other parents before diving in to the rest of your day. Join us! You'll definitely gain some food for thought!
